

HP 10bll+

Financial Calculator

Affordable and easy to use

A smart choice for professionals and students, the easy-to-use design delivers business, finance and statistical calculations fast.

Easy and affordable

Get the answers you need quickly with the easy-to-learn and use HP10bll+ Financial Calculator. Whether you are a student or a practicing professional, the HP 10bll+ makes it easy to solve business, financial, statistical, and math calculations accurately and quickly, at a price that everyone can afford. The design packs plenty of features to make your work less complicated.

- Dedicated keys provide fast access to common financial and statistical functions
- Maintains keystrokes of the HP 10bll while adding 10 types of financial and statistical calculations: trigonometry, hyperbolics, perm/comb, depreciation, bonds, breakeven, algebraic hierarchy, random numbers, date calculations, and probability distributions
- Offers both chain algebraic and algebraic entry-system logic
- Clear, easy-to-read 12 character LCD with adjustable contrast and on-screen labels

Fast and powerful

The HP 10bll+ is designed with powerful finance, business and statistical operations.

- View answers with up to 12 digits of accuracy
- Get immediate results – no waiting for complex calculations
- Store up to 22 numbers in memory registers for later use

A great investment that can grow with your needs

- Students can use the HP 10bll+ for multiple courses – from introductory business, finance, accounting, real estate, and banking to mathematics, science and statistics
- The HP 10bll+ is the first calculator in its class with probability distributions functions: a topic required in many introductory statistics classes
- Ideal for exams with intuitive keyboard layout and minimal keystrokes for many common functions
- HP's legendary quality and reliability offer you peace of mind. Get the most from your calculator – visit www.hp.com/calculators for more information

THE COMPUTER
IS PERSONAL
AGAIN.

HP 10bII+ Financial Calculator

Part number NW239AA

Processor and display

Display 1 line x 12 characters, adjustable contrast

Display type LCD, 7-segment

System logic and keyboard

Entry-system logic Algebraic
Chain Algebraic

Menus/Prompts No

Keyboard Numeric

Functions

Statistical functions Register and list based (45), regressions: $m \cdot x + b$, $m \cdot \ln(x) + b$, $b \cdot x^m$, $b \cdot e^{(m \cdot x)}$, $b \cdot m^x$, $m/x + b$, best fit; summary statistics, sample standard deviation, population standard deviation, weighted mean, prediction, correlation, probability: Z, Student's T, inverse Z, inverse Student's T; combination, permutation, random number

Scientific/mathematical functions e^x , \ln , $!$, square root, y^x , x^2 , $1/x$, trigonometric, hyperbolic

Financial functions TVM: loans, savings, leasing; amortization, cash flow analysis (45): IRR, NPV, NFV; depreciation: SL, SOYD, DB; bonds, interest conversion, margin/cost of sales, break-even analysis, date calculations

Memory

Memory registers 22 registers

Power and battery

Power supply 2 x CR2032 batteries

Battery life 1 year (when used 1 hour/day)

Automatic power off After 5 minutes

Power off memory protection Yes

Compliance and Exam Approval

Best used for Accounting
Banking
Business
Finance
Mathematics
Real Estate
Science
Statistics

Meets exam requirements for SAT, PSAT/NMSQT, and College Board AP (Advanced Placement) Tests*

Dimensions and weight

Weight 3 oz (85 g)

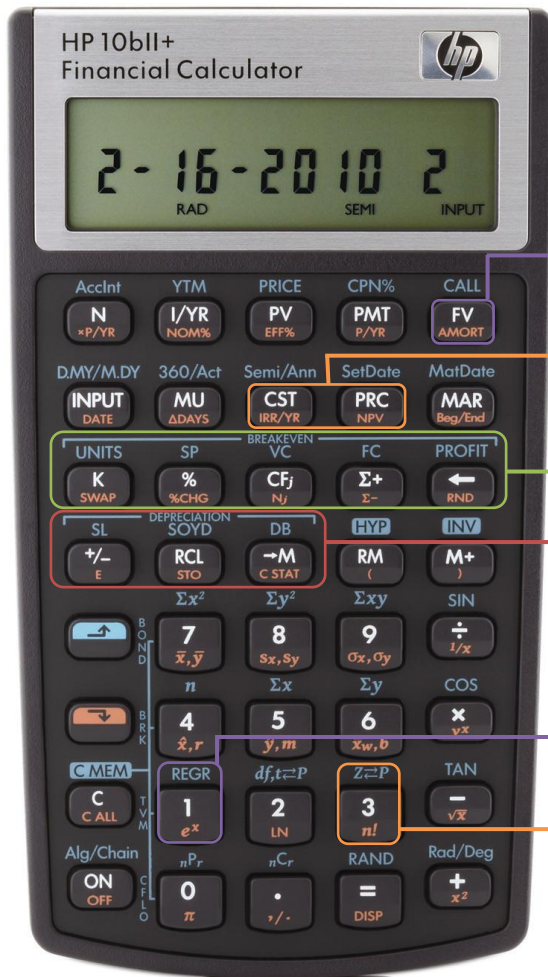

Dimensions (W x D x H) 3.19 x 0.6 x 5.7 in (8.09 x 1.4 x 14.5 cm)

What's included

Warranty 1 year (may vary by region)

What's in the box Calculator, batteries, Quick Start Guide, protective sleeve

HP 10bII+ Financial Calculator

Amortization and time value of money functions enable quick calculations of loans and mortgages

Cash flow calculations (IRR, NPV, and NFV) using up to 45 data points with unlimited frequency

Breakeven quantity calculation also determines estimated profit

Depreciation functions enable quick calculations of asset values

Statistical data entry allows for review and editing of up to 45 data points. Choose from six regression options, plus Best Fit

Normal, inverse Normal, Student's, and inverse Student's distribution functions eliminate the need for cumbersome probability tables
